4. Just before departing, the DDCI informed the Secretary [REDACTED] that some 3,000 Iranians are entering the US every month. According to the DDCI, all in the room were shocked by this information. The Secretary and Deputy Secretary clearly had not been informed previously of this fact. (This despite the fact that SA/DCI/IA twice informed State Department staffers that this item would be on the agenda, and had gone so far as to inform them about the details of our concerns.)
